WL-1140

Dr. Albert D. Wheelon

STAT

[redacted]

Dear Bud:

Upon receipt of your note of August 22, I phoned your office only to learn you will be away for some time.

Thanks for the news on [redacted] We shall have STAT
to get him on the air more frequently.

On SAB activities, please feel free to do as you think best. Under the present policies, you with a number of others who are with government are classed as "associates", which means mainly that these members are not counted in the ceiling of 70 established by Secretary of Defense and Secretary of Air Force.

In the meantime, I am sure I can speak for the Chairman of the Scientific Advisory Board in saying we hope you can continue to assist the Board to whatever degree your present duties may permit.

Please call me when you return, and bring me up to date on your recent peregrinations.

Sincerely,

P. A. Smith
